### **Review the requirements**

Review the requirements that your organization will need to meet for accreditation. Also, familiarize yourself with The Joint Commission's tracer survey process and SAFER $^{\text{TM}}$  scoring methodology. Contact us to walk you through an orientation.

#### **Assess your readiness**

Once you know what requirements apply to you, you'll need to determine where you are already meeting the requirements, and where policies or procedures will need to change. If you need any help interpreting the standards or what to do to meet them, visit our standards interpretation page on our website at <a href="https://www.jointcommission.org/standards">https://www.jointcommission.org/standards</a> information/jcfaq.aspx to view FAQs or submit a question.
