

Zero Harm in Laboratories is Possible

The Center for Environmental and Occupational Health and Safety (CEOHS) at Memorial Hospital and Health Care Center is leading the way to zero harm in laboratories.

Environmental and Occupational Health and Safety (EOHS) is a dedicated laboratory safety department that provides a wide range of services to ensure a safe laboratory environment.

Let's discuss the additional services we are offering to our laboratory colleagues:

- Laboratory safety training and education for all laboratory staff
- Chemical safety and waste management services
- Medical waste management services
- Emergency response and spill cleanup services
- Environmental and occupational health and safety assessments

Our laboratory safety services are designed to help you create a safe laboratory environment. Our services include:

Beverly Dekemper MT (ASCP)
Director of Laboratory Services
Memorial Hospital and Health Care Center
